Good Morning To All,

Our IT department would like to visit the 99 building, could we schedule an appointment as soon as possible.

Thank You!

Todd

Subject: 999 Building

Hi Todd – per our discussion earlier this morning. Please schedule a short site visit of the infrastructure of the 999 building i.e. (wire vault and 1st and 2nd floor wire closets). If we can have it scheduled for this afternoon, say about 1:00pm, that would be good.

The following personnel will be accompanying me:

Chalonda Curtis

Kent Plunkett

Khalil Abdullah

Thanks for your assistance,

Alexander
